During the Bendix and King merger (i.e. Bendix/King), a new part numbering system was created that converted these 9 digit part numbers to 12 digits. Therefore, 066-3056-01 became 066-03056-0001. Despite this numbering change, units that were originally from the King Radio design still have the 9 digit part number format on

Both the KN 62A and KN 64 can be channeled remotely through almost any NAV receiver or tuned directly with their own frequency selection knobs. They even have dual channeling capability, making two DME frequencies available to you at all times - one remote with one stored internally. So what you have, in effect, is a functional DME Hold Mode.
