Carolyn Pedwell - Google Scholar Citations

In a general sense, empathy is our ability to see the world through other people's eyes, to see what they see, feel what they feel, and experience things as they do. Of course, none of us can fully experience things the way someone else does, but we can attempt to get as close as possible,...

Design Thinking: Getting Started with Empathy ...

Download File PDF De Colonising Empathy Thinking Affect Transnationally

Indeed, empathy often relies on hierarchical subject/object relations, with a privileged subject pityingly looking at a disadvantaged “object,” as Carolyn Pedwell explains. 2 Worse, if empathy is an attempt to see through the eyes of the other, “the object of identification threatens to disappear,” as Hartman analyzes it. 3 Empathy, on its own, can be little more than a reinforcement of the privileged subject position of the empathizer.

Does language affect the way you think about the world? A radically positive answer to this question is a strong form of the linguistic relativity thesis, which says that the language you speak broadly affects or even determines the way you experience the world, from the way you perceive it, to the way to categorize it, to the way you cognize it. This radical thesis is often associated with ...

Does Language Affect Thought? | Philosophy Talk

Decolonising the Mind is a meld of autobiography, post-colonial theory, pedagogy, African history, and literary criticism. Ngũgĩ dedicated Decolonising the Mind "to all those who write in African languages, and to all those who over the years have maintained the dignity of the literature, culture, philosophy,...

When criticizing a parent, most self appointed critics tend to default to encouraging an authoritarian style of parenting. This is because society prefers for children and adolescents to be well behaved and respectable, and of course when ever the ideals of an authoritarian parenting style is evoked,...
