and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Young ballerinas will want to look carefully at the graceful poses of the dancers pictured. The book is so beautifully designed and laid out that it could be described as a "coffee table book," a book to be displayed for aesthetic reasons. Beautiful Ballerina will have particular appeal for young children already studying ballet or eager to do so.
