and gestational surrogacy in a global market framing 21st century social issues can be taken as competently as picked to act.

In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

Outsourcing The Womb Race Class

Outsourcing the Womb is both accessible and intellectually probing. The analysis examines the role of race, class and gender dynamics in ways that take into account the experiences of intended parents and surrogates.
